

## Report on the annual meeting of the .pl Domain Name Registry Partners

### NASK awards for the best companies operating in the .pl domain market

*No one serves end customers as well as Partners do. The Partner Program created by NASK is working well and it will stay that way – said Radosław Nielek, Director of NASK, while opening this year's .pl domain registry meeting with Partners, which took place on May 27, 2024, in Jachranka.*

In his speech, Director Nielek emphasized the importance of the security of the .pl domain in the face of the increasing number of attacks and greater threats to network users. He informed about a package of NASK actions aimed at ensuring a secure digital environment as part of the "secure .pl domain" project.

*Changes are an inevitable process, as we face new areas of legal regulation related, among others, to NIS 2, which will cover both the .pl domain registry and NASK Partners. We are open to dialogue so that the new rules of cooperation are satisfactory for everyone – said Radosław Nielek. Additionally, the director presented awards annually given to NASK Partners.*

Katarzyna Chałubińska-Jentkiewicz, Director of the Domain Name Registry at NASK, summarized the year 2023, emphasizing that numbers are extremely important as they show how the market is developing.

*We like to analyze data, but we also focus on plans because a time of change is ahead of us. The internet is changing, the world is changing. Each of us operates in a digital world, and our task as a Registry is to ensure that the market develops even better and that the environment in which the .pl domain operates is as safe as possible – added Katarzyna Chałubińska-Jentkiewicz.*

The first day of the conference with NASK partners also saw the premiere of the special issue of the magazine "dot.pl", which included a summary of the past year in the .pl domain name market and the first-ever survey titled "The Internet Through the Eyes of DNS Industry Experts." During the conference, Katarzyna Chałubińska-Jentkiewicz also

announced the launch of the magazine's website, available at [journaldot.pl](http://journaldot.pl).
